## NEW TAX CAMPAIGN WILL BEGIN OCT. 15

Student Council plans to Get Required Number of Signers in Drive Which Lasts Week.

Plans were made at the last meeting of the Student Council on October 6 to open a big drive for 3,000 tax signers. The drive will open on October 15 and continue thereafter for one week, during which time the University will be thoroughly canvassed. Students will be approached individually by members of the committee and will be reached through the various organizations at the University, which have offered to assist in the drive.

The Activity Tax Committee has appointed a number of students from all the departments of the University to aid in the successful termination of the campaign. Members of the committee will be stationed in the various buildings, and plenty of publicity will be given the drive so that every student in the University will be acquainted with the tax and its significance.

The chairman of the Tax Committee, Harry Newman, announces the following students have been appointed from the various departments to assist in the tax campaign:

Columbian College—Robert Pulliam, Paul Hammock, Olive Prescott, Blanch Doyle, Josephine Houston, Francis De Grange, Sam Rogers, Waldo Clark, Richard Goehring, Clyde Tolson, and Robert Coffesh.

Engineering College—Delmour Fuqua, Ralph Nagle, John Ladd, George Saltzman and Pauline Johnson.

Teachers College—Catherine Tonge, Helen Smith, Ruth Reeves and Vivian Wooster.

Medical College—Richmond Beck, Preston Haynes and William Ballinger. Law College—Arthur Nall, Frances Parkes, Pearl Crosby, Glen Anderson, Thomas Lodge and Glen Eno.

The committee states that although a number of students have been appointed to assist in the campaign this does not exclude any others who desire to help. Everyone who wants to see the tax a success and consequently the activities plan a success is urged to participate in the campaign.

The latest statistics show that the number of signers has just exceeded the eleven hundred mark. This leaves nineteen hundred more signers to be obtained before the minimum quota is reached. It is expected that the number of signers will have reached the fifteen hundred mark before the opening of the drive.

It is imperative that the Activity Tax be successful. The whole plan of athletics, as well as other student activities, are depending on the tax for financial support. Many of the events planned for the year would have to be suspended if the drive were unsuccessful.

## NEWMAN ANNOUNCES CHERRY TREE STAFF

Plans are already under way to produce the finest annual George Washington University has ever had. The Editor of the 1920-21 Cherry Tree, Harry Newman, states that work on the annual will begin considerably earlier this year than has been the custom.

The editorial staff of the Cherry Tree up to date is announced as follows: Herbert Korn, associate editor; Richard Goehring, associate editor; George R. Sheriff, fraternities; Louis Campbell, sororities; John D. Glass, athletics; Lillian Smith, athletics; Robert W. Coffesh, organizations; Grace Pickering, society and clubs; Olive Prescott, art editor; Robt. Karl Peterson, assistant art editor; Brook Hayes, cartoons; Lois McDaris, special features.

Departmental Editors—Robert Pulliam, Columbian College; George Saltzman, Engineering; Helen Smith, Teachers; Richmond J. Beck, Medicine. The Business Manager, C. Walter Parker, will announce appointments to the Business Staff at a later date.

### RECORD ENROLLMENT.

Enrollment at the Law Department of George Washington University is the greatest in the history of the institution, the applications for registration at the Law School exceeding 700. Of the total number registered, about 300 are entering the University for the first time.

The new building makes it possible to accommodate the increased enrollment.

## G. W. U. EXPERIMENTING IN DYES AND EXPLOSIVES

Dr. Phillips Directs Valuable Research in Dyestuffs and Explosives at New Chemistry Laboratory.

George Washington University will doubtless receive wide recognition in the scientific field as a result of the valuable research work being carried on in dyes and explosives in the new laboratory of the Chemistry Department located at the College of Pharmacy. The research is being conducted under the direction of Dr. Phillips, B. S., with the assistance of F. B. Moore, B. S., Ruben Schmidt and Meyer Weinstein.

A number of graduate students of the University, under the supervision of Prof. McNeil, of the Chemistry Department, are carrying on experimental work at the laboratory. Charles Monroe, professor emeritus at the University, is assisting in the capacity of consulting chemist.

The dyestuff and explosives laboratory is a comparatively new feature at the University. The Chemistry Department received this addition the latter part of last May. At the present time the laboratory is being utilized for graduate students electing a degree in chemistry and who wish to get full-time credit for experimental work.

There is still room for graduate students who want to take up this kind of work. According to a statement of Dr. Phillips, this is an opportunity that few universities offer at the present time and anyone who is interested in this field of endeavor should avail himself of it.

## SCHOLARSHIP AWARDS AT LAW SCHOOL ANNOUNCED

Secretary Townsend Announces Prize Awards and Honor Law Students of 1919-20 Session.

Secretary of the Law School John Townsend announces for publication the winners of the three prizes awarded each year to students at the Law School for distinction in scholarship.

Ismer Baruch, of the second year law class is announced as recipient of the Ordronaux Prize Scholarship and the John Byrne and Company Prize. The Ordronaux Prize Scholarship is awarded annually to that member of the second year class taking the regular course who shall have attained the highest grade in the work of the second year. The recipient of the prize receives tuition fees to the extent of one hundred dollars. This scholarship must be made use of during the year following its award. The prize offered by John Byrne & Co., of Washington, D. C., consists of four volumes of their Legal Classics and is awarded each year to the student making the highest average grade in Real Property 2.

The Phi Delta Phi Prize was awarded to James M. Guilher. This prize of twenty-five dollars cash is awarded annually by the local chapter of Phi Delta Phi Fraternity to the member of the first year law class taking the regular course who shall have attained the highest average grade in the entire work of the year.

Miss Louis G. Gorman was awarded the prize of twenty-five dollars cash offered by the local chapter of the Phi Delta Delta Woman's Legal Fraternity to the woman of the first year law class taking the regular course who has attained the highest average grade in the entire work of the year.

The following students of the Law Department made an average grade of "A" during the academic year 1919-20: First year class—Ashby E. Bladen, Wm. W. Braham, Helge C. Dieserud, James M. Guilher, Joe Hartman, Philip F. LaFollette, Llewellyn A. Luce, Basil H. Pollitt, John B. Phillips, Noel Symons, James H. Taylor, Irwin U. Townsend, Bolon B. Turner, E. W. Wallick, M. P. Wormhoudt. Second year class—Ismer Baruch, C. McK. Crews, B. C. Harris, W. P. McCoy, J. D. Watkins, E. A. H. Wegener. Third year class—William J. Heckmann, Cato B. Hurd, Maxwell James, Thomas C. Lavery, Mrs. Lucy R. Manning, Solomon Shappiro, James S. Turp, Arthur Van Meter. Post graduate work—Robt. T. Willkie. Special work—C. M. Micou.

### MEDICAL FROSH MEET.

The first year medical class held its election at noon last Thursday. The following students were elected: Mr. Ballinger, president; Mr. Batchelor, vice president; Miss Maul, secretary; Miss Swartwout, treasurer; Mr. Little, sergeant at arms.

## MEDICAL DEPARTMENT ESTABLISHES RECORD

Medical School Leads University With One Hundred Per cent Signers of Students' Activity Tax.

The Medical School has broken the record, with 100 per cent signers of the Activity Tax. Every student of the Medical department is now a subscriber to the tax.

Spurred on by the announcement in last week's Hatchet that more than 75 per cent of the students enrolled in the Law School had signed the Activities Tax, the students of medicine determined to do their best to aid the project which is to change George Washington University from a mere institution of learning into a real university.

The moving spirit in the campaign for signers has been Joseph H. Roe, associate professor of chemistry. The co-operation of the members of the medical faculty who permitted Prof. Roe and members of the student body to address their classes during the recitation period was of the greatest help to the success of the campaign.

In the Medical School it was found that those students who had failed to sign the Activities Tax when it was first presented to them did so because the real value of signing was not made clear to them. After the worth of the benefits derived from signing the tax had been discussed pro and con in the classrooms, all were eager to sign because the students of medicine realized the value of the health insurance offered better than students in any other departments.

The signing of the present Activities Tax 100 per cent by the Medical School does not come as a surprise to anyone who has long been connected with the University. In the past, the students of this department and the members of its faculty always have given their hearty support to every movement to advance the interests of the University.

## SOCIAL COMMITTEE WORKS ON CALENDAR ACTIVITIES

The social committee of the Student Council is arranging a calendar of all meetings, games, dances, mixers and other events of the University. The calendar will be kept in the registrar's office, where it can be consulted by students of the University. All events are to be recorded, together with the date upon which they will come off.

In previous years much annoyance has resulted from the fact that on numerous occasions two or more University affairs have been scheduled for the same date. It is believed that the Social Calendar will eliminate this difficulty and assure for each event a special date.

All managers or captains of teams, secretaries of organizations, and students conducting University enterprises are requested to report the date of games or social events, as the case may be, to Harry Newman, chairman of Social Committee.

## JOURNALISM CLASS TO ASSIST HATCHET STAFF

Prof. Chace Approves Plan of Co-operation of Journalism Class With Hatchett Staff.

Through the kindness of Mr. Daniel C. Chace, professor of Journalism, The Hatchet has secured the services of the members of the Journalism class to act as reporters during the coming year. The class numbers 25 and will, under the tutelage of Mr. Chace, prove an invaluable addition to the paper's editorial staff.

Mr. Chace deserves the thanks of the school for supplying these reporters. In previous years The Hatchet has been criticised for not securing the news of the University and for not securing that news on time. The cooperation of the Journalism class this year will help to eliminate this difficulty.

Mr. Chace, a member of Beta Theta Pi Fraternity, graduated from Brown University in the class of 1900. He has been actively engaged in newspaper work since the time of leaving college, working on the Providence (R. I.) Journal, the Philadelphia Inquirer, and as editor of a paper in the Department of Commerce. He is now on the editorial staff of the Evening Star.

### TO TEACH ITALIAN.

A tentative course in Italian has been arranged by the faculty of the Arts and Sciences Department. Mr. B. H. Lamore will instruct in this course.

## VARSITY WILL BATTLE WEST VIRGINIA ELEVEN

G. W. Eleven Goes to Morgantown to Play One of Strongest Eastern Football Teams.

This is globe trotting week for George Washington football players. The varsity, with a squad of twenty, goes out to Morgantown, W. Va., to play West Virginia University, one of the big teams in the country. The freshman eleven goes down to Norfolk, Va., to play the Hampton Roads Naval Base eleven.

With the varsity squad is Coach Morse, Manager Russell E. Whyte and Dr. Daniel L. Borden. Twenty players are being taken to Morgantown, Va.

Those making the varsity trip are Hawley, Whyte, Sandys, Gronna, Nilssen, Walter P. Loehler, J. Loehler, Mulligan, Vidmer, Springston, McAllister, Chesney, P. Johnson, Garnett, Kay, Searle, Mount, Terrell and Hughes.

With the freshman squad will be Assistant Coach Staten, Assistant Manager Verne P. Simmons and Trainer Aubrey Pagett.

Those on the squad are Owen, Moyle, Dickey, Hagan, Preece, W. Johnson, Richmond, Butler, Skinner, Dewey, Brown, Shea, Ayers, Harvey, James.

### NEW SPANISH INSTRUCTOR.

Mr. Angel Vasquez, a native of Spain, has been appointed to fill the position of Juan B. Saldana, instructor in Spanish, resigned. Mr. Vasquez will instruct in conversational Spanish.

### START ON ALUMNI.

The counterpart of the Activities Tax blanks is now out. It is called the Alumni Privileges Blank for 1920-1921. This tax is for graduates only; entitles them to subscriptions to The University Hatchet and admission to all athletic events, all for five dollars.

Plenty of blanks have been printed, and a campaign will soon be started to get a thousand alumni signers at five bucks a shot.

### LAWYERS GET ROOMS.

Mrs. John Paul Earnest is leading the movement of the Patrons and Patronesses of the University to furnish and decorate the woman's rest room and the men's lounge at the Law School.

The room will be furnished with tables, comfortable chairs, suitable pictures, curtains and other furniture to make ideal club rooms. These rooms will be ready for occupancy shortly.

### CLUB TO BE FORMED.

The faculty of George Washington is considering forming what is expected to be known as the Faculty Club. The first meeting of the proposed club will be held Saturday night at 719 Twenty-first Street Northwest.

Sign the Activity Tax Blank!

## STUDENT COUNCIL TO ORGANIZE FRESHMEN

Class Organization and Election To Be Brought Up at Next Meeting of Student Council.

Class organization and the election of officers will follow close on the heels of the resolutions which are expected to result from a predicted discussion of this subject at the next meeting of the Student Council. Although the Student Council supervises only the organization of the freshmen, Cameron Burton, president, has expressed a desire for an early organization of the upperclassmen. The organization of the upper classes is usually directed by class officers of the previous year.

When interviewed by a Hatchet reporter, Mr. Burton stated that in all probability the organization of the freshman and sophomore classes of Columbian College would not take place until the middle of November, after the freshman and sophomore proms. The first year medical class has, according to report received, already held a meeting and elected officers. The first year law class will probably follow suit.

The juniors of the Engineering School and Columbian College held an informal meeting Monday evening, October 11, to discuss the possibility of combining the two classes. The following resolutions were passed:

"Whereas on February 7, 1920, a resolution was adopted by a joint meeting of the sophomores of Columbian College and the Engineering College of George Washington University whereby the classes were merged and their interests combined and an invitation extended to the sophomores of Teachers College to join the coalition; and

"Whereas in view of the important part the junior class must play in this centennial year of George Washington University, it is thought that the interests of the class and the University may best be served by a continuance of the said coalition; be it therefore

Resolved, First, That the Columbian College and the Engineering College branches of the class of 1922 are hereby for all time consolidated and that they shall hereafter be as one;

Second, That the Student Council be requested to call a meeting next week at a time to be agreed upon for the purpose of electing officers of the combined classes;

Third, That the juniors of Teachers College be invited to join in the coalition and participate in the election.

## FACULTY MEMBERS WRITE FOR SPANISH PERIODICAL

The October number of Hispania contains contributions from two members of the George Washington faculty. Prof. Henry Gratian Doyle has two reviews of Spanish textbooks and Mr. X. K. Jones, instructor in Spanish, has his "pioneer" contribution—an article on Spanish-American prose writers.

Prof. Doyle has also arranged with D. C. Heath and Company to edit an edition of the plays of Carlos Arniches, leading author of the Genero Chico.

## COLUMBIAN DEBATERS HOLD MEETING IN LAW SCHOOL

Fifty students were present at a meeting of the Columbian Debating Society held at the new Law School building Friday, October 8. The meeting was presided over by Mr. W. Thomas French, president.

Several of the members gave short talks on past incidents of the society. A number of new members were present, of which Columbian College was well represented. Considerable interest was shown in debate, which gives evidence of a successful year in this activity.

The next meeting of the Columbian Debating Society will be held at the Law School Friday, October 15. It is announced that impromptu debates will be held. The semi-annual election of officers will take place.

### G. W. U. GETS GIRLS.

Several girls from other colleges have registered as students at the University this year. Among them are Hilda Bowen, Gamma Phi Beta, University of Michigan; Louise Weckerley, Kappa Kappa Gamma, Allegheny College; Alice Watts, Kappa Kappa Gamma, De Pau University.

## Here's An Editorial

Here's an editorial. It was written by H. C. Byrd and appeared in The Evening Star on Tuesday. Read it. Then see what you are going to do about it. Then do it.

"Bryan Morse has a tough proposition ahead of him at the downtown institution and deserves all the help he can be given by the students and by the faculty and alumni.

"It is understood that there are several fine football players in the University who have not reported for the squad. Students, alumni and faculty should get after men of this type and make it their business to see that they go out for the team.

"Patriotism is a much-needed asset at George Washington. There will have to be a different sentiment on the part of the students for the University than that feeling which the satisfied customer has for his butcher if there is to be successful athletics. The sooner the students as a whole begin to realize it the sooner will sports begin to take their proper places in the curricula of the institution."

Those who saw G. W. U. make such a great stand against Delaware last week were impressed with the fighting qualities of the team. Football is the big issue along with the Student Activity Tax. The men are in the University. They can and must make sacrifices to come out and support the team.

The football team is doing its share and is giving full measure. The Medical School is one hundred per cent on the tax, with the Law School closing up rapidly. Get busy. Do it right now.

## Tradition Can't Be Bought

Tradition, for a college, cannot be bought. It takes many classes working unceasingly through many years, for the progress and fame of the school. For one hundred years tradition has been in the making at G. W. and the spirit kept glowing. Now is the time to start living up to these traditions of a hundred years. Put a little pep into your interest and make the glowing spirit burst forth into a flame. Remember that it took spirit to make tradition, and it will take spirit to keep it alive.

## Well? How About It?

At a meeting of the G. W. U. organizations a night or two ago a most significant remark was dropped. Said a man who is in a position to know, "I think that George Washington students, as a whole, are better off financially than most college students who depend upon their parents to put them through college." This is a sad commentary on the fact that not more than twenty-five per cent of the G. W. U. students have signed the Student Activity Tax. What are you going to do about it?

## Bricks Without Straw.

On October 23 at American League Park George Washington plays Villanova College. Back up the team by your presence in the cheering section and by signing the Student Activity Tax. Show the team that you are behind it. Make some sacrifice to get there. You cannot make bricks without straw. Whole-hearted support has won many a contest. Without proper backing the bottom falls out of any endeavor. Come out and show the team you mean business.

## Stupid Steve Says:-

"History repeats itself. George Washington again crossed the Delaware."

"A hair in the head may be worth two in the comb, but a touchdown in a game is worth two in a scrimmage."

Dear Stupe:

What position did you play in the game Saturday?

Answer: "Left-out."

Dear Stupe:

What is cause?

Answer: Cause is the noise that a crow makes.

Dear Stupe:

In reading my Physics book I notice that it says that the time we go by is "mean solar time" and also it says something about a "mean solar day." Just what do they mean? AGGIE.

Answer: They mean that you are going to have a mean time passing that mean exam in that mean month of January.

### CAMPUS COMMENTS.

Walt Brandes comes from Yale. Yale is the place where they are supposed to have invented football. Therefore, I can't understand when Delaware made the forward pass that won the game why Walt stood up and yelled, "Block that kick!"

Last year some one said there were

a lot of "campus lilies" blooming at G. W. U. I want to suggest that most of them can be seen in the Garden at the Law School. MIKE J.,  
 Columbian College, '21.

(Editor's Note: This is the first real campus comment sent in by a student—keep 'em coming.)

It is rumored there will be a new course started at G. W. U. soon. It is a course in "applied anatomy" and will be given each Monday, Wednesday and Friday evening between the 15th and 9th, on F. The faculty, so far, has refused to allow any credits for the course, but it is thought it will be of interest to all students enrolling. If more students enroll than can be accommodated, the course will also be given Tuesday, Thursday and Saturday nights.

Here's one from the Gettysburgian:

### What is Anatomy.

A little colored school girl in answering the above question, wrote as follows:

Anatomy is the human body. It is divided into three parts, the head, the chest, and the stummick. The head contains the skull and the brains, if dey is any. The chest contains the lungs and part of the lites. The stummick contains the interals and the vowels, which is a e i o u and sometimes w and y.

FAILS TO HALT VIDMER**

A little drop of a thousand feet or so out of the blue sky to the well-known terra firma means little or nothing in Dick Vidmer's life. Vidmer is playing fullback for G. W. U. this fall and making a good job of it.

When Vidmer was flying at Mincola he got into some sort of trouble up over a thousand feet. His machine crashed, and he was in the hospital for nine months. He doesn't say much about it, but keeps right on plugging on the gridiron.

"Vid" is doing the kicking, backing up the line, and is showing a great deal of improvement. As one wit remarked, "Vid oughtn't to mind falling a couple of feet or so on the ground in a football game after dropping a thousand feet from an airplane."

Vidmer is 21 years old and weighs about 160 pounds. Folks who know say he's a better football player than poet.

—Courtesy of Washington Times.

**CRACK DELAWARE TEAM  
DEFEATS G. W. U. WITH PASS**

G. W. U. Shows Phenomenal Fight  
Against Superior Team—Defeat-  
ed by Forward Pass.

George Washington lost at the hands of Delaware College last Saturday by the score of 14 to 7. Three times the visitors carried the ball the length of the field, principally off tackle plays, but were held on the five-yard line by a plucky and spirited fight.

In the first quarter Delaware rushed the ball from her twenty-yard line almost to G. W.'s goal and were there held to downs. George Washington kicked to mid-field and from there the ball was carried by Delaware to a touchdown and the goal was kicked by Harmer.

In the second quarter Springston received a punt on the thirty-five-yard line and ran it back for twenty-five yards. The next play he gained forty yards on an off tackle play, putting George Washington in a position to score. Two attempts at line plunging were made, and then a forward pass, which was practically intercepted, bounced into the arms of McAllister, who ran five yards for a touchdown. The goal was kicked by Vidmer.

The third quarter was marked by a great deal of rushing by both sides, but neither got within striking dis-

tance, except when Delaware tried a drop kick from the twenty-five-yard line.

The fourth quarter was opened by Springston in a series of pretty gains. After G. W. had been held, Delaware took the kick on her twenty-yard line and went down the field, scoring on a perfectly executed forward pass. After this G. W. tried several forward passes, which met with no success, and the game ended with the ball in Delaware's hands.

Springston, the left halfback, was the individual star. Vidmer at fullback did some exceptional punting, the ball averaging over forty yards, besides playing a good defensive game. Acting Captain Hawley played a good game in the line.

Line up and summary:  
G. W. U. Position Delaware.  
Searle..... Left end..... Magaw  
Whyte..... Left tackle..... Holton  
Sandys..... Left guard..... Aiken

Springston..... Left halfback..... Elliott  
Chesney..... Right halfback..... Harmer  
Vidmer..... Fullback..... Williams

Substitutions—Mulligan for Nilsson, Mount for Searle, Terrell for Mount, Garnett for Whyte, Moyle for Mulligan, Richmond for Chesney, Whyte for Moyle, Johnson for Garnett, Jones for Lilly, McDonald for Elliott, McGee for Betzmer, Wells for Repp, Steel for Harmer. Touchdowns—McAllister, MacDonald, McCaukh. Goals after touchdown—Vidmer, Harmer (2). Referee—Wright (Bates). Umpire—Tyler (Princeton). Headlinesman—Guyon (Carlisle). Time of quarters—12 minutes each.

**TRACK MEN TO MEET.**

Neilson, manager of the track team, has called a meeting for all track candidates next Tuesday evening, October 19, in the auditorium of Lisner Hall, 2023 G Street, at 8 p. m. All men interested in track are urged to be present.

Bryan Morse, Director of Student Activities, will preside, and plans for the year will be discussed. The hours for practice will also be decided. It is expected that a suitable place for track practice will have been secured and its location will be announced. Twenty-six men have already signed up for track and among them are the names of some promising athletes.

Get in line; Sign the Activity Tax.

## Among the Fraternities

### DELTA TAU DELTA.

Delta Tau Delta has moved into its new house, 1750 Massachusetts Avenue, one square from Dupont Circle. Milton F. Warren, of Allegheny College, Meadville, Pa., and James F. Nolan, Lehigh and Catholic University, have entered George Washington, the former in the Law School and the latter in Arts and Sciences. The two men have affiliated with the Gamma Eta Chapter of Delta Tau Delta. The Chapter will hold its Halloween Dance Saturday night, October 30. Vic Cahill visited the house last week in company with two friends, one a brother of Johnnie Mackall, a Delt at the University of Virginia.

### KAPPA ALPHA.

Alpha Nu Chapter gave a dance at the chapter house last Saturday for the K. A.'s with the teams from North Carolina State and Delaware State College. A smoker was held last week at the home of Frank Myers, in Chevy Chase. Herrmann Wilson and Web Erbach are now enrolled at Carnegie Tech in Pittsburgh, where they are connected with the American Bridge Company. The marriage of Dr. Russell Hollingsworth has been announced. The young doctor is practicing in Anacostia.

### PHI SIGMA KAPPA.

Lambda Chapter has held four rush smokers since the opening of school. A stag party was held at the chapter house on October 7, to commemorate the founding of Lambda Chapter October 7, 1899. A dance will be held at the house October 23. Peterson and Curry, who have been campaigning in California, expect to return to Washington the latter part of November. Dr. Needham, former president of the University, gave an interesting talk at a smoker given October 9.

### PHI DELTA DELTA.

Phi Delta Delta has the honor to announce that Mrs. John Paul Earnest, wife of Chairman of Bax Examinations Committee, has become a patroness of Zeta Chapter. Jeannette Jewell, class of 1918, member of Phi Delta Delta, is one of the 41 out of 97 applicants who passed the bar examination for the State of California. The California Code being largely influenced by the Roman law, the bar examination based on it is especially difficult.

### THETA DELTA CHI.

H. Janney Nichols, jr., '20, has secured a position with the International Petroleum Co. and sailed for Tampico, Mexico, a week ago. Billie Wilbur, Chi Deuteron, '18, is home from Pittsburgh on a short visit. He is with his parents, Dean and Mrs. Wilbur. "Dets" Marthinson, who is now permanently located in New York, is paying the charge a visit of about three weeks.

### KAPPA SIGMA.

Successful smokers were held at the chapter house September 30 and October 7. Alpha Eta welcomed back twenty-eight brothers this fall as well as a number of brothers from other universities, who will affiliate with this chapter. Gronna is rapidly recovering from injuries sustained at football practice and will soon be seen again in the mole skins.

Wells, the Delaware left end, and Messrs. Price, Caston and Hillsdale, of Richmond College, were visitors at the house over the week end. Jess B. Hawley, G. W. class of 1903, was a guest at the house October 2. Mr. Hawley came down from New York to see the George Washington and Western Maryland game. While Hawley was at George Washington he starred in football and debate.

### THETA LAMBDA SIGMA.

Miss Marion Drown, 1027 Twelfth Street, will be hostess to the Theta Lambda Sigma chapter the afternoon of Sunday, October 10, at a tea. The members of Theta Lambda Sigma wish to extend an expression of appreciation to the faculty and fraternities of George Washington University for the aid and cooperation given them.

### CHI OMEGA.

Helen Smith, '22, entertained the chapter and pledges at her home Friday evening, October 8. Lella Warren gave a tea for Chi Omega Sunday, October 10.

### SIGMA PHI EPSILON.

Bryan Morse gave a clever and interesting talk on student activities at a smoker given at the chapter house on October 2. A welcome was given in honor of the Alumni on October 9. An interesting program of entertainment was delivered. The George Washington Chapter of Sigma Phi Epsilon loses three men this year—Lee Shotwell, to the University of Virginia; Wilbur Montgomery, to the University of Maryland, and Mr. Cottrell, to Cornell University. The first informal dance of the season was held Thursday night, October 14, at the chapter house.

### PI BETA PHI.

Phi Beta Phi held a tea October 8 in the fraternity rooms for the freshmen girls and mothers. Frances Foster, Phi Beta Phi from Ohio University, is attending George Washington. Pi Beta Phi announces the engagement of Miss Marjorie Gerry to Mr. Humphrey Raikes, of Oxford.

### SIGMA NU.

James M. Guher is continuing his law course at Harvard this year. Walter Braham, vice president of last year's freshman law class, has entered the University of Pittsburgh. Carswell Chanler, '23, will not return to the University until the second semester. Nelson Miller, '23, is now making Cleveland his permanent home. John A. Owens, '22, will not register in the University this year.

### PHI MU.

Grace Turner, a Phi Mu pledge from the University of Indiana, is attending George Washington University this winter. Polly and Betty Vorhees, Mary Alice Newton and Edith Aultman are attending the University of Wisconsin this year. Beta Alpha Chapter of Phi Mu will entertain at a dance at the Raleigh Hotel on October 30. On Thursday, October 7, Phi Mu entertained at luncheon in the rooms. Lois Campbell, '23, will return soon from her trip in the Orient, and expects to enter school again this fall. Lucy Burlington has a position in North Dakota. Phi Mu will entertain at a luncheon at the home of Joe Houston on Saturday, October 16.

## FRESHMEN ELEVEN DEFEATS GALLAUDET'S RESERVE MEN

The "Frosh" have scored. They beat the varsity to it on Tuesday at Gallaudet College in defeating the Gallaudet Reserves by 7 to 0 in a hotly contested football game.

Butler and Richmond, of the G. W. U. freshmen eleven, covered themselves with glory throughout the contest. Butler scoring the touchdown after a thirty-five yard run. Richmond kicked goal.

The freshmen have need of more candidates. They have worked under considerable handicaps this year and with but few players reporting for the team. During the next week a captain will probably be elected and a general call for candidates will be issued.

The first win of the season recorded for the freshmen is expected to result in more interest in the team. Many first-class games have been scheduled for the freshmen this fall. One or two trips have been arranged for.

## OBTAIN WESTERN HIGH GYM FOR G. W. U. GIRLS

The gymnasium at Western High School has been obtained through the courtesy of Dr. Elmer S. Newton, principal of that school and the Board of Education, for the use of the George Washington girls on Monday and Wednesday nights.

The girls started floor work on Wednesday night. Many candidates reported for the team. Tuesday and Thursday afternoons the girls will use the gymnasium at Epiphany. Practice sessions for both afternoon and night allow all of the day school girls, as well as those who are attending evening classes, to come out for basketball.

### G. W. U. CLUB FORMED.

A meeting was held last Tuesday evening for the purpose of forming a G. W. U. club. The president, Eugene Underwood, was elected and a committee was appointed to draw up a constitution to be presented at the next meeting on October 19 for adoption.

As soon as one has complied with the requirements of the Board of Managers with regard to the receipt of the school insignia he automatically becomes a member. It is planned at a later date to present certificates giving permission to wear the emblem.

### CHERRY TREE SPROUTS.

Despite the chill winds that wind themselves amorously around our shivering frames and despite the predictions of the Weather Bureau that the coming winter will be chill and cold, George Washington's Cherry Tree has begun to bear fruit! Absolutely! Work on the Cherry Tree began this summer, and the two horticulturists who are charged with its growth have let no creeping vines surround its tender stem.

C. Walter Parker, Business Manager, has announced that the official photographer has been appointed. Edmonston, 1407 F Street Northwest, and that cards which will entitle bearer to sittings for pictures for the yearbook are being printed. These cards are an innovation over previous years. Formerly students have paid for their pictures at the studio, but under the new system those persons who have pictures taken must first purchase admission cards from the Business Manager.

The cards will be on sale November 1 and will continue on sale until February 1, during which time all pictures must be taken. Announcement will be later of the place where these cards may be bought and further details concerning their use.

### G. W. GETS CANNON.

An ex-German howitzer has been planted in G. W.'s back yard and is arousing considerable interest, due undoubtedly to its resemblance to certain styles in hosiery much in vogue among the co-eds. It is rapidly becoming the gathering place for the dear damsels whose sweet voices may be heard most any time as far as the "ax" office. This condition is most detrimental to work and keeps the editorial staff on the hop. These boys are great lovers of the beauties of nature. In an interview with Secretary Kayser, the following information was extracted: Mr. Kayser says the gun is a very good little gun and that he will inspect it shortly. Further data concerning its past history and how we acquired it, he withheld, saying he was not at liberty to release it. However, he assures us that it will appear simultaneously in The Hatchet and other Washington newspapers, and with this we must be content.

### SENATORS ELECTED.

The juniors in the Law School elected their new Senate last Monday night, October 11. Those elected are as follows: George Hughes, Leslie Jackson and Miss Sarah Tilden.

### TWO GAMES AT HOME.

Villanova College comes here October 23 and Bethany College, of West Virginia, will be played at home on October 30. Both teams are unusually strong this season.

### PRACTICE DAYS.

A day of much agony, surprise, and torture. You rally forth full of confidence, and you are told to fall on the ball. The coach gives it a roll, you make a noble dive, and land in a most graceful posture, part on one shoulder and part on an ear, while the ball jumps serenely to one side and continues its course uninterrupted.

You arise somewhat puzzled and try it again, this time you hit the same shoulder, but the opposite ear, and possibly touch the illustrious pigskin. This gentle but entrancing pastime continues until you arrive at the conclusion that parts of your anatomy are rapidly leaving their base of operations. Next you try the dummy, an invention of the devil, filled with rocks and sand, which is called sawdust and solidifies after the first rain.

Again you sail through the air, again you hit your bad-shoulder and are dragged off with half your personal belongings in a state of comma. You then take enough laps of the field to make you see stars, and finally totter off the field to get dressed to the tune of the coach's sarcasm and very personal questions as to how many cigarettes you smoke, what you eat, when you eat, when you study, how you expect to play football if you don't, why you are so dense, where you ever played football before, you big ham, and if so, where, when and why.

You go home, fall into bed and wake up the next morning with a black eye, a cauliflower ear, a weak back, and cold feet. But you try it again with that never-say-die spirit and get off with a mere broken rib. Oh, it's a great life, a grand life, a wonderful life, if you don't weaken, or the coach doesn't run into you at a fraternity smoker while you are complacently dragging on a cheroot and telling the Never Sweats how darned good you are.

—By Fred Bradley.

### G. W. DANCERS WELCOME.

George Washington University students will have a dance all their own at the Cairo, 1615 Q Street Northwest, next Wednesday night, when all are invited to attend the inaugural affair of the George Washington Club. Wale's orchestra of five pieces, including Brook Johns, late of the Florodora Company, assures a red-letter evening.

### GIRLS' TEAM STARTS.

The first call for candidates for the girls' basketball team will be made at an early date. A coach has been obtained from the Y. W. C. A. and plans are now under way to provide a suitable gymnasium. It is unofficially announced that practice will be held four times a week. All girls interested in basketball are urged to come forward at the first call for recruits so that practice may get under way without delay. Watch for announcements on the bulletin boards.

### ROOM AND BOARD.

FOUR rooms with private baths; ten minutes' walk from University. 2414 Penna. Ave. NW.

### EXCELLENT TABLE BOARD

Reasonable Rates  
Mrs. L. Q. C. Lamar, 1903 F St. NW.

### FOR RENT

FOUR rooms at 1115 New Hampshire Ave., about 5 blocks from the University. Newly papered, hot-water heat, well furnished. Phone, West 1963.
